1. Chapter 1

****I don't own Vampire Diaries and this Characters****

Bonnie Bennett is a student of Contemporary Art. After having graduated from high school, she left Mystic Falls to begin a new life in Portland. Bonnie grew up without a mother and her father was almost never there. The only family she had was Elena and Caroline, her friends. They were her best friends but when Bonnie told them that Jeremy hit her, neither of them believed her. Bonnie's heart broke because the only family she had never had turned their back on her. Jeremy was Elena's brother, he was famous and loved by everyone. No one could doubt that he had tantrums, but no one believed he hit Bonnie when it happened. No one believed it. Bonnie's last year was horrible. Her father funded her studies but he didn't worry about her. He nothing of what was happening in his daughter's life.

Bonnie has used all her savings to rent an apartment, but as it was too expensive so she decided to look for a roommate. She was living with a guy and his girlfriend Sydney. Sydney was in the same classes as Bonnie and Bonnie had immediately liked her. Sydney reminded her a bit Caroline; she talks all the time and wants to control everything. Bonnie doesn't focus on it, she doesn't want to hurt, she no longer believes in friendship. If her best friends could betray her in this way, then anyone could, friendships don't exist. Love, yes, she was in love with Jeremy. That was why she said nothing at first, but with time she suffered too much and she told her friends, who betrayed her.

Bonnie put a little ad all over the university. She met with students but found no one whom she wants to live with. Maybe it's not very hard. She has always lived alone but that was the thing that had the most impact on her decision. She met eccentric, perverse, manic cleanliness, genuine ironists and even racist. Maybe she should clarify that she's black on the ad. Malachai Parker fit into her life like chocolate chips fit into cookies.

He too was looking for a shared apartment, hopefully not expensive, when Sydney's brother told him that one of his sister's friend is looking for a roommate, he almost hit the ceiling. He got Bonnie's number from Sydney's brother and called to make an appointment with her. She seemed nice and the rent was within his means, he hoped that all would go well despite his past.

They made an appointment to meet around the corner of Bonnie's last class. Kai was sitting on a bench in the meantime; he was dressed in a T-shirt and a blue sweatshirt over with dark jeans. He had his elbows on his thighs with fingers interlaced watching the void. When Bonnie saw him, she knew that was him, she had specified that bench to him because of the tree he was sitting under. He sat under a cherry tree she used to draw when she sat there. Plus there was no one else around, so there was no doubt Malachai was on the bench. She walked toward him but he didn't notice when she came before him, he looked up and smiled.

"...Bonnie Bennett?" He asked skeptical.

"Yes it's me and you're probably Malachai," holding out her hand.

"Kai—I prefer Kai." He gets up and shakes her hand, looking into her eyes. He found her beautiful eyes like rubies. She was smaller than him and her beauty was almost uncanny, her curly hair made him want to put his hands on her head and touch them. Her whole being reflected softness, it was a change for him. He always lived in a world of brutality.

"Kai—ready for your interview?" She said, smiling and sitting down. She is beautiful, too beautiful.

"Yep, but all I ask... is do you have a sense of humor?" He said, sitting beside her.

"Yes," she smiled, she has not stopped smiling which is a good point for him.

"So let's go Master Yoda," she laughed, giving him a pat on the arm.

They talked about everything and nothing, not realizing the time passed. It was more like a date than an interview; they laugh at jokes and at each told each other jokes. Bonnie accepted the roommate and 1 month later he moved in. Kai refused to talk about his past which suited Bonnie, she didn't want to talk about hers either, she wouldn't be a victim. Not talking about their past seemed to work, they got along well. Kai took cooking classes and Bonnie took advantage of that fact. There wasn't a day that went by that something delicious wasn't in the fridge.

Kai began to have feelings for Bonnie, but she had never noticed. Bonnie was his friend; he could say he fell in love but it doesn't spoil it for him, especially what they have. One night, two months after Kai moved in, they watched movies together sprawled on the sofa. They had turned off the lights and only the brightness coming from the TV lit up the room.

"Wellâ€¦" he looked thoughtfully at the TV.

"Yes Kai?" she put her head on his shoulder and began to fall asleep.

"I want to know you about your past. You almost never talk about your life in Mystic Falls or your family... not that it bothers me but I'd just like to know you better. You're my friend Bonbon aka master yoda." He said, smiling at the end

"Stop calling me that, I'm 5'3!" She gave him a pat on the arm.

"Yeah, yeah. Let's continue to talk about you."

"What do you want to know?" They didn't look at each other; they spoke with their eyes on the TV and Bonnie still had her head on his shoulder.

"Everything, even your bedwetting from childhood."

"Stop that keke"

"Stop calling me keke"

"Stop calling me master Yoda, you jerk"

"Ok ok tell me, pleaseâ€¦ Please?" he said, making a crying puppy noise.

"OK I will tell you," she laughed, a silence settled for a moment before she began to speak.

"I... I lived mostly alone, my father was never at home, my mother and my grandmother died in a car accident when I was 7. I didn't really have friends, but my best friends betrayed me and my ex was a violent guy... oh and I have a Wolff-Parkinson-White syndrome," she said thoughtfully, he straightened up and put his hands on Bonnie's face.

"Parkinson...?" He asked seriously.

"Yes... but it's Wolff-Parkinson-White, it's a heart disease, but don't worry... I'm fine." She said. She didn't want Kai to worry.

She found out about her illness one day when Jeremy had strangled her for a stupid reason. His grip around her throat was so hard she couldn't breathe and her heart was racing. When he removed his hand, she fainted. Jeremy panicked and took her to the hospital, and when questioned he lied and said he found her like that. That was the day she knew she was sick, she was told she had to live with little to no

stress and no alcohol, so she did what she had to do, she had separated from Jeremy. This news had created a chain reaction that driving to Portland.

"Tell me where he lives," he removed his hands and sat more comfortably on the couch putting a hand around her waist and she put her head on his chest, they looked like a couple looking at the TV.

"Who?" She asked.

"The son of the bitch who abused you," he said with a deadly voice. Bonnie flinched a little.

"It's your turn"

"Bonbon you're avoiding the question"

"And you're avoiding your turn. Now tell me about yourself, Kai. I want to know everything about Malachai Parker aka keke" she said smiling.

"Stop calling me keke"

"Stop calling me yoda master, keke" they both laugh.

"Well, your story is pretty sad but I think I can do better ... my father never loved me, he told me every time he hit me yet he never touched my brother nor my sisters. My mother always saw me as a disappointment when I started to get nasty with my siblingsâ€¦ They made me see a psychiatrist, my father didn't stop fighting untilâ€¦" he stopped.

Bonnie sat up to watch and saw that Kai was crying, she immediately took him in her arms. He continued to cry on her shoulder and she held him hard. She would ask later, she thought it was a painful moment in his life when he's ready he'll tell her. Bonnie also had feelings for Kai, he was gentle, protective, caring, respectful and woman does not fall for him? But it also would affect their friendship. He had become her family and she didn't want to lose that this time.

"Kai I'm here, I'm here shhh I'm here," she comforted him, he pressed himself into her hard. She had never seen him sad before. She took his head from her shoulder. He looked up at her and when their eyes connected she kissed him. He was shocked at first but soon caught up in the kiss, it was soft, it only lasted a few minutes and she cut the kiss.

"I'll get some sleep, I'm tired," she said with a shy smile.

"Ok I'm sorry I was such a mess."

"No Kai don't worry I am your friend, I will always be there for you," she said seriously.

"Okay good. I'll just clean up," he stood up at the same time and it washed the dirty dishes and tidy up the living room.

"Goodnight Kai" he heard her voice that gave the corridor.

"Good night Yoda" he could almost hear her laughing. He returned to his room; he wanted only one thing, to sleep. He returned to the bathroom, he washed his face, and brushed his teeth. He then turned off the lights and went to bed. He felt at peace after crying, releasing the emotions he had fled for years was like a fucking thorn he has been trying to get out of his foot.

He forgot to take his medication...

The night was calm, Bonnie was sleeping in her bed. Her room was down the hall from Kai's. She was a deep sleeper, which often caused her being late almost every day. She slept with lace black pantie and a white tank top. She didn't like the pajamas she preferred to sleep in her underwear or better with a tank top or nightie. She was sleeping peacefully when Kai opened the room quietly.

Kai was standing staring at Bonnie's sleeping form. Kai was still sleeping, but yet he was standing in the Bonnie room at 4am. Kai looked Bonnie for 10 minutes and began to walk toward the bed gently. His eyes were open, he seemed perfectly awake, but yet he was not. Kai sleepwalks when he falls asleep. He gets up to satisfy his urges, it is always him, but he no longer has any barrier, no empathy, no remorse, he lets out his sociopathic side. Only medications prescribed by his doctor were blocking his sleepwalking, but today it didn't take them and Kai sociopath is back.

'_It's been so long that I wanted to fuck you senseless ... tonight I'll do it'_

Kai was in front of Bonnie's sleeping form; he looked at her plump buttocks exposed, her breast who saw right through her tank top, flat stomach and toned thighs. Bonnie was lying on her back with her legs slightly apart. Kai sat down beside her and lightly placed his hand on her chest, he stroked Bonnie breast gently. He rolled up her tank top over her chest and Bonnie breast bounced when they were released from the tissue. Bonnie's breast weren't too big or too small and the chocolate color of her nipples made him want to suck on them. Kai leaned over and put his tongue over a nipples, he licked the tip of her nipples before taking her nipples in his mouth completely and he did the same with the other breast. He heard Bonnie groan in his sleep and he smiled. He dragged a kiss in the valley between her breast and stomach. He put his tongue on Bonnie's and she groaned. He began to locate the erogenous zones of Bonnie and she groaned again, he wondered how she wasn't waking up with what he was doing.

He got up and took off his shirt, his pajama bottoms and underwear, Kai was now naked and rock hard. He was excited before he went to sleep, his desires were prolonged in his sleep. He gently undressed Bonnie, careful not to make sudden movements. He was painfully hard and just wanted to kiss Bonnie. He planted kisses on her closed mouth and began removing her tank top. After removing her pussy, he spread her folds and licked the swollen bourbon, he heard the groans of Bonnie and he couldn't wait. He put her on her side as he started behind her in a spoon position. Kai's dick on Bonnie's ass. He put his arms around her and he put his head on her shoulder. He nibbled her ear, causing Bonnie to moan.

Kai take his dick and started rubbing it on Bonnie's entrance, she was already wet.

"Bonniee... you're wet for me... you love it when I touched you... don't you?" He said kissing her once, Bonnie continued to groan unconsciously.

"Do you like it when... my dick is on your pussy...? Do you want me to fuck you Bonnie?" He continued to stroke the tip of his dick on her wet pussy. He returned to her gently clutching her hips, she was so wet that his dick slid in it deeply, almost immediately. Being inside her was like heaven for Kai.

"Aaaaah Kai! what are you doing...?" She groaned into semi consciousness.

"Yes it's me sleep again shhh," he said, whispering in her ear. She is back yet again into a deep sleep.

"Bonbon your pussy is so lovely... Fuck it's too good... Don't wake up." He said, moving in her. She moaned and sighed, he caresses her breast with one hand, kissing her neck. The thrusts were slow at first, but he starts to go faster. He fucks her for 30 minutes, he wants to go on for hours but the pleasure is too intense for him, he groaned in Bonnie's ear. His hand lets go of her breast to fondle her butt apart to let his dick get better. He felt Bonnie's walls tighten, he knew she was going to enjoy. He lifts his thigh with one hand to go deeper into her.

"Kai..." she sighed.

"Bonnie... I love you... Fuck fuck I enjoy ... Bonnie Bonnie... I enjoy... I can't stop myself," he continued to penetrate groaning his name and he came into her, he freed in it with a long groan when he closed his eyes and fell asleep directly. With his dick still inside her pussy, They slept peacefully as if nothing had happened.

The next day, Kai woke up with a strange feeling. He was erect like every morning but this time was different, he was in some wet and he didn't understand why he couldn't open his eyes. The sensation was too beautiful, he said he was still dreaming and started to moving in and out of a tight hole and heard groan.

"Kai...?"

"BONNIE?" He opened his eyes in a second. He jumped and landed on the floor with a loud noise.

"KAI?" She screamed coming towards him.

"Are you ok Kai?" She asked as he walked to the edge of the bed. He said nothing, he looked at her in horror.

"Bonnie I..." his eyes were wide with fear.

"Whh..." she said looking at him, she notices he is naked and she is also naked, she feels sticky between her legs and she puts her hand on her pussy and looks at her hand she sees a white liquid. She frowns and includes sudden, the dream she had last night was not a dream, was real.

"You... you..." she said, shaking her head.

"Bonnie it's not what it looks like, let me explain, please Bonnie!" He got up quickly, she jumped out of bed and started running. Kai was trying to catch up but he almost got her but she ran into the bathroom. She slammed the door in front of him and locked.

"Bonnie please let me explain... please let me explain Bonnie," he begged behind the door. Bonnie was terrified she didn't understand how he could do that to her, or how she didn't wake up.

"Kai why did you do to me that kai? Why...? why...? I lo..." Bonnie was crying, she dropped it on the floor and cried.

'I loved him, I love him... why did he do this to me...? He rapes me'

"Bonnie I swear I would never hurt you... I... let me explain!"

"You rape me!" She shouted with tears in her eyes. She was disappointed, she would have slept with him, not now but with time. She didn't want for it to be like that, in her sleep. Kai was so distraught he didn't know how to explain that it wasn't his fault. When he was 16 years old no one believed him; Bonnie will never believe him, he lost the only friend he ever had.

He watched his hands, trembling.

"I am sorry... Bonnie you gotta believe me I will never hurt you... I forgot to take my medication... Bonnie you're the best thing that ever happened to me," and he left the room.

He was sad he didn't know what to do. He hit the door of his room in anger, he sat in a fetal position on the floor, he had tears in his eyes. And then he had the idea of calling his shrink, he took his phone and frantically pressed the button to start the call.

"Mr. Saltzman?" Kai said sadly.

"Yes Mr. Parker, do you know what time is it?"

"Alaric help me please... I didn't want to hurt her... you know that... she is... I wasâ€¦ Alaric help me please."

"Ok ok Kai tell me where you are and I will come to see you now."

Silence.

"Kai?"

"I am in my home please please come quickly!"

"Okay, don't move I will be there soon."

When Kai hung up, he put his pants back on and entered Bonnie's room. Kai wanted to know if she was okay. She was sick and what happened this morning was stressful, stressful is an understatement.

"Bonnie... I just want to know if you're okay... just say something

and I'll go," he said talking through the bathroom door. He heard a loud smash a falling body to the floor. His heart started beating faster.

"Bonnie open the door, are you okay?" He pounded on the door, hard. He was afraid, if she died it would be his fault. He broke down the door and found Bonnie's unconscious body lying on the floor. He screamed in fear.

"BONNIE! NO, NO, NO, NO! DON'T MAKE IT TO ME! NO BONNIE!" he screamed, shaking. She had a towel around her, he picked her up bridal style and ran out of the house.

20 minutes later, he reaches the emergency room with Bonnie in his arms.

"HEEEEEELP!" He shouts without stopping. Nurses run to him and put Bonnie on a stretcher. He holds the stretcher with strength and looked at her.

"I beg you Bonnie don't leave me," he said, crying.

2. Chapter 2

****Excuse my gramatical error and please review, tell me what you think :) Damon will appears next chap!****

Kai turned around in the corridors of the hospital, he was wearing his pajama bottoms and a t-shirt which nurses had given him but he remained barefoot. He called Alaric to tell him he is in the hospital and he needs him urgently. Kai was going crazy, he kept walking, he remembered everything as if it was a movie he was watching on TV. He was in her room to do things to her, it was like a dream, he let him go as if he was a puppet of his impulses ... a puppet of his dark desires.

He heard the voice of Alaric at the reception and he headed toward him.

"Mr. Saltzman ..." he said, eyes down, he was ashamed of himself

"Kai ... tells me what happened," Alaric asked, putting her hand on his shoulder to comfort him, he saw Kai was hurt worse than what happened 6 years ago. He followed Kai all these years and very slowly the line between patient and doctor faded and he became the son he will never have. Alaric is sterile and his work comforted him at least he could invest to help others, he did not stay in long relationships because he would not want to deprive a woman to have children. Kai was lost when he met Alaric and he helped him little by little but Kai does not regard him as a father. For Kai, Alaric's just his therapist as an aid whenever he falls and Kai needed him now.

"Alaric I again ... I do things in my sleep"

"Ok just going to talk elsewhere" They walked into the waiting room not far from the Bonnie's room, doctors was not come yet to tell him what was happening, at least it reassured him that she was still

alive.

"Okay, tell me everything you know and I'll help you as best I can but you must to relax ... calm down and breathe," Alaric said, making gestures to mimic a quiet breath, Kai listened and relaxed a little.

"Mr. Saltzman ..." he trembled, after a deep breath he spoke "Yesterday, Bonnie and I were watching movies, I told her about my father and I cried ... she comforted me Alaric" ' he stopped for a minute and continued "I had not taken my medication ... I was so excited ... I'm in love with her and ... I do not know ... she kissed me and I went to sleep and overnight ... I touched her .. and I ... "he began to tremble, he lifted his head to look at him" she will never forgive me Alaric " he burst into tears. Alaric took him in his arms like a child.

"Shhh I will talk to her"

"Please do not tell her that I went to jail"

"We must tell her the truth to believe you Kai, with what happened she could sue you in court for rape, you could even go to jail" Kai sat back thinking, he would not go again in prison but he did not say he went to prison because she will want to know what he did.

"Tell him," Kai said, looking at his hands "I hurt her, she deserves to know," he said sadly.

An hour later, doctors came to tell him what was happening, two doctors were walked to the waiting room. Kai quickly rose and joined them worried.

"Mr. Parker," one of them asked

"Yes it's me ... can I know how Bonnie is ...? "He looked at the pleading eyes

"Miss Bennett referenced you as a person from her family, we came to give you her new" one said, Kai was shocked. He knew that Bonnie considered him like her family, he was happy and sad at the same, he was disappointed himself. "Miss Bennett had a heart arrhythmia, knowing her condition, she lost consciousness, she doesn't nothing serious but she should avoid stress, her arrhythmia will become increasingly regular in cases of prolonged stress"

"I Understand I will take care of her," he said thoughtfully, he did not know what to do.

"Miss Bennett is sedated to calm her tension but you can stay in her room if you want it"

"I will, thank you ... Doctor"

Kai and Alaric remained in Bonnie's room all day and all night. Kai did not know if he should tell her and Alaric was convinced he had to say her the thruth. Kai was afraid she wakes up, he no longer knew what to think, what to say, what to do, all in his head was a set of messy. He wanted bonnie but not like that, he wanted to be romantic, he wanted to give her sweetness knowing her abusive ex, he cursed

himself. He slept in the hallway and Alaric had gone to rest. He could not leave. He took his medication this time and he promised himself to never forget again.

The next day came quickly and Kai woke up to the sound of people running and noises of machines. He went to clean himself in the toilet, he opened the tap and took some water in his palms, he washed his face. He stopped to look at his reflection in mirror.

I'm a murderer and a rapist ... I do not deserve her

He looked down at his hands beginning to tremble, he grabbed the edge of the sink so hard that his fingers turned white. A long moment passed before he had the courage to come out of the toilet. He came out, he walked along the corridor always in his thoughts, he returned to the room and he found Bonnie awaked. She sat on a chair next to the window and watched the street. Kai froze and he could not move, he was petrified with fear.

"My father is dead..." she always asked back turned looking cars in the streets. Bonnie woke with a jump, she remembered what had happened. It's not only Kai, she had the voice message, she hearded it in his bathroom before fainting. She got up mechanically and started before the window watching people walking and cars driving, she watched them without thinking almost like a zombie.

"I am sorry Bonnie" He came in the room and closed the door. He moved toward her.

"Do not approach ... please," she said always without looking

"Bonnie ..." he licked his lips nervously

"Last night I dreamed that you made love to me, I felt your hands on me but ... I thought I was dreaming ... but it was real ... you raped me," she said, smiling sadly, she wanted to have sex with him but not like this.

"I never want to see you again Malachai... do not worry I will not sue you ... now you're gonna go"

"Bonnie ..." Kai said with tears in his eyes

"GET OUT OF MY LIFE KAI" she shouted in anger, she turned her head so fast that her curls followed suit.

"NO" he shouted, "I will go out of your life but ... Bonnie YOU HAVE TO LISTEN" he said, and he knelt. Bonnie looked at him and said nothing, she bit her lip to keep from screaming or hitting.

"I'm listening," she said

"I ... I ... "

"TALK NOW OR GET OUT OF MY ROOM MALACHAI" she cried, rising, she walked towards him, she wanted to hit him, slap him, she wanted him to suffer as she suffered betrayed by him ... him ... his only family. Again, she was again betrayed and she would not run away, she just wanted to hurt him. Any sadness wanted out, her father died, her

mother died, her grandmother died, her friends have betrayed her, her first boyfriend beat up her and ... Kai raped her. Too sad ... her heart began to beat too fast but she wanted to hear what he had to say.

"Bonnie ... I'm sleepwalking, yesterday I felt so at peace and I forgot Bonnie, I forgot to take my pills ... I told you I have a psychologist ... this is because when I not take my medication, my sociopath behaviour wakes up ... I do things ... bad things ... I always wanted to make love to you Bonnie but not like this, you have to believe me ... I never wanted to rape you ... I wanted to be with you ... be your friend, your family, your boyfriend, your husband, the father of your children ... Bonnie I love you ... I know ... I raped you and I do not forgive me, Bonnie did not want it, I never wanted to hurt you ... you are my paradise, you're the reason I come home everyday Bonnie "he said crying, Bonnie was crying too but said nothing. "I told to my psy to come see you, he will tell you everything ... forgive me ... goodbye Bonnie" he got up and went out, closing the door.

Bonnie now crying harder, she wouldn't forgive him, but she needed him now more than ever, she does not know if she could live without him, she's a mess, she could not forgive him now but she needs him . Kai ran, he wanted to die, all his life was not an importance without her.

(Song = The Daylight for Andrew Belle)

He was running in the corridors, bumping people in the way, he took the elevator and click the last button several times, he was sweating, he just wanted to die, he wanted to disappear, he thought she would be happier without him. Suddenly he saw Bonnie out of her room crying and she ran to him when she saw him in the elevator. Bonnie did not think, she just wanted him to be near, she wanted him to call her Yoda, she wanted him to be her family no matter what he did, it was too much sorrow. She ran to the elevator but it was closed when she arrived at the door, she saw that he was on the last floor. She wondered why he was on the last floor.

"No Kai ..." she whispered in horror, she immediately thought he was angry, she thought that maybe he did not want what happened.

Oh my God Kai Do not do that please God not him ... please God ...

She thought and she ran down the stairs, there were 7 floors in the hospital and her room was on the fifth, Bonnie had to run but his heart was risky. She did not care, she climbed the stairs as fast as she could, ignoring her heart beating more quickly, she knows she will fade away soon but must get to him before he...

She ran but her feet became increasingly heavy, she opened the door begging him to be there. She opened the door to the roof and saw ... he was standing on the handrail and he put his arms as if to fly, he would soon jump. She wanted to run but fell on hard on ground, her lip was split and blood flowed.

"Kai ..." she sighed, she could hear her heart beating like a drum in her chest, her eyelids were heavy, she was lying on the floor and Kai bent to jump when ...

"KAI" she shouted with all her lungs, he turned quickly and saw Bonnie ground, he quickly descended to join her, he did not understand why she is there, he ran and started kneeling before her.

"Bonnie ... what do you do here ... I ..."

"Do not leave me alone," she said with a sigh and everything went black.

Kai panicked, he picked her up in bride style and brought into the hospital, he shouted the same way that he did yesterday, more desperate and lost. Doctors took her and he was still waiting. But this time, he knows that she wanted to save him, he does not know how she knew what he was doing, he was sitting in the waiting room looking at the blank wall in front of him. Hours later, doctors have told him the same thing yesterday, he was stupid and selfish to want to commit suicide, Bonnie had lost her father, she needed him.

Alaric came to 6 am for news, Kai did not tell him his suicide attempt, he was afraid losing his confidence. They sat in the Bonnie room in silence, he did not notice the split lips of Bonnie or maybe he has noticed but thought it was Kai who had given her. Alaric asked Kai to go to rest, he said he would stay and tell him when she awoke.

Kai went back to home, he would not rest, he does the cleaning, storing stuff lying around. He entered in Bonnie's room and smiled seeing Ms. Cuddles on the dresser, he used to call this Teddy: Obi-wan kenobi. He smiled and took the teddy bear.

"Do not worry Obi-wan I will take care of Bonnie ... can you tell her to forgive me?" He said to Teddy, smiling.

(Song= Lovesong for Adele)

When he thought about her, he smiled. Every day since he lives with her he always smiled. They laughed like children and often they spoke of topics such as politics or terrorism. Kai had cousins who lived in Paris and was concerned for them, she was there to reassure him. Bonnie was more stubborn than a mule and he liked it, he could do for hours without speaking, but when he used the broom like a lightsaber saying some dialogue of Star wars, she laughed to tears. She was not only her roommate, she became her friend and with time he fell in love. He liked her to sleep the head in his lap, he liked cook for her the recipes he learned in the class, he liked the smell of mangoo in shower after her toun, he liked watching movies with her, he liked everything about her and he blew it.

In wishing her sheets to wash them, he saw a translucent blot in the middle of sheets and he remembered what he did, he would not but he did.

I'm a murderer and a rapist ... she does not even know that I'm a murderer

He thought it to himself, but he pushed his thoughts away, he needed the house to be spotless when she will come back. After carefully

cleaned home, he made something to eat for tomorrow, he went to bed at 4 am. He had a dreamless sleep.

Bonnie awakened breathing heavily at 9 am, the events of the day overwhelmed her and she frantically looked around to see Kai but he was nowhere. her mouth was pasty and she wanted to take a shower. She removed the connection on her arms connected to a heart machine and went back in the bathroom of her room. She looked in mirror and was horrified, she had dark bags under her eyes, her lip was swollen and split, and her hair was full of knots. As she had no personal stuff with her, she brushed her teeth and washed her face. Returning back to her room, she saw a man sitting, he immediately got up and offered his hand.

"Good morning Miss Bennett, I am Alaric Saltzman, the psychologist of Kai" she shook his hand back quite weakly, she still felt dizzy.

"Hi nice to meet you, you can call me Bonnie"

"You can call me Mr. Saltzman" she smiled and sat comfortably on the bed when he wanted to talk to her, they were interrupted by a doctor who came to do a check up before authorizing her release, after the check up, the doctor told her she could go out but she had to rest.

"I am here to talk about Kai ..."

"Is he okay? "

"Yes I have asked him to go rest, it's been two days he slept in the waiting room"

"I see ..."

"We need to talk about what happened"

"First I want to go home, I'm tired and I need a relaxing bath," she said, she languished in advance to get into a hot bath.

"I would like to talk with you before you see Kai ... he told me what happened and I am ..."

"I know ... he told me he is sleepwalking and he did not control anything ... I know"

"It's not all ... Bonnie Kai lived ..." Alaric said, but she interrupted him.

"I know ... I am tired look Alaric, I am now an orphan ok, I will not pursue him, he is my friend and somehow I have feelings for him, I have not forgiven and I do not want to do it now, for now I want to go home and sleep ... please drive me home," she said with tired eyes. He understood and did not insist, too many things have happened in a short time, he gave her his jacket and he escorted her home. When she came out of his car, he gave her his card in case she needed him.

Bonnie took the key of hidden rescue inside the neighbor's flower and came back home, the first thing she noticed was that everything was clean and tidy, she ran to go get a shower, bath will be for tonight,

she thought she was at the point where she could sleep in the bath. After finishing her shower, she wore a long blue nightie and was made a braid, she looked at her bed thoughtfully.

He changed the sheets ...

She would not sleep in this bed, she walked to Kai's room hoping he wasn't there, it was 1pm. She opened the door and saw him sleeping quietly, he was shirtless with his pants and had Ms. Cundles in arms. She laughed, she walked to the bed and climbed on it, she lay beside him under the duvet and she put her head on his chest. Kai woke up with the feeling of someone on him, he opened his eyes and his heart missed a beat. He smiled with happiness because Bonnie was in his arms, she heard the change in his heartbeat.

"My dad is dead Kai ..." she said and tears started streaming down her cheeks and wet the chest of Kai. He put his arms around her very tight.

"Shhh do not cry ..."

"I'm an orphan ..."

"But you are not alone ... I will always be with you ... if you allow it to me," she said nothing, she did not comment. She just kept crying until she fell asleep in the arms of Kai. He has not found sleep, he wanted to enjoy the feeling of Bonnie in his arms.

How can I tell her that I killed my father and my siblings?

3. Chapter 3

Two weeks passed, Bonnie and Kai returned to their same routine she had not forgiven but he was the only family she had left and she did not want to be alone now. Her feelings were divided between anger, resentment, affection and love. She did not know how to behave when she behaved as if nothing had happened. Bonnie has paid for his father's funeral but she did not go to, she loved him but she was afraid to go there and to remember the death of her mother and her grandmother. She is completely dedicated her time to her exams and looking for an internship. Bonnie had postulated in a digital design agency and she was taken.

"Ehh Yoda?" He said smiling, Kai was already at home when she opened the door he was going to cook French toast. He did not tell her about his past, things returned to normal and he took his pills every day, he has not had the courage to break the delicate peace there is at home. Bonnie was excited, she launched her bag on the sofa and sat down hurriedly at the kitchen table.

"Ummmh let me guess, you've won the lottery and you come and tell me that we will go live in a huge mansion in Beverly Hills?" He said, looking out of the corner of his eye, he knew her so well he knew by her broad smile she had good news.

"Stop one minute Tony Stark and let me tell you," she said mischievously, "I was going to this interview and there were two people, he asked me lots of questions but there was one who looked at me deeply like..." she looked Kai squinting and Kai laughed" so he

looked at me and then he asked me to make a drawing of him, I was surprised but I did ... it was almost easy, he was so beautiful and his eyes ... "she rambled and Kai did not like her way of talking about this man. He put food on the table and sat across from her.

"Bonnie? "

"Yes ah yes eum so I made a drawing of him and I gave it to him and he looked as if he had drawn the Mona Lisa," she laughs, "And ... I was taking "she said jumping for joy.

"Woah this is great news Bonnie I'm proud of you," he stood up and took her in his arms, she wrapped her arms around him and put her face on his chest. She was so happy ... and they had a long kiss. Kai slowly past his lips on hers, they had their eyes closed and the moment was magical for them. When she broke the kiss, he looked admiringly but she looked down and stepped out of his hug.

"I'm starving," she said, sitting in the chair again.

"I ... that's good because I have cook something to eat," he said, putting a fake smile. He was disappointed but he did not want to show her, they sat and ate in silence.

Kai knew it would take time for them to return as close as they was before, he gave her some space, he has to eat every night, he was there when she was mourning the death of his parents, he was there for her but he did not know in what capacity. He confessed his feelings in the hospital but they never talked about it later, it was as if she wanted everything erased, forgotten everything that happened. What he did, he will not forgive himself but he wanted to move forward with it.

I'll wait

Bonnie began her internship in agency the next day, she drew prototypes or cartoons that would be scanned. She loved what she did, she found it exciting, it's been three days she began and she liked it. One evening she came out of the agency and went to her car. She wore leggings, a gray sweater and boots, Bonnie could be in free style because it was her hands that were important at work. She tried to start the car but nothing happened.

"No no no not now," she tried again several times her car seemed to have passed away. She dropped her head on the steering wheel in defeat. "Okay you can do this Bonnie" went out of the car and opened the hood to see what was wrong but she frankly understood nothing about all these connections. "Arghh why it's so complicated"

"Gifted but crazy, what a pity," she turned and see her boss.

"Mr. Salvatore ..."

"Call me Baby or Honey or Damon whatever you want," he said with seductive eyes. He wore a black suit, a black tie with a white shirt, he was incredibly beautiful but Bonnie was never interested in him despite his beautiful blue eyes.

"Damon ... I do not know if I can ask you this because you're my boss

but ... could you see what's wrong with my engine ... please? "He smiled, Damon got it her pretty because she resisted to his charms. He usually sleeps with students on the first day but it was different with her. He walked slowly over her like a jaguar and stopped right in front of her hood and looked inside.

"Ummmm," he said touching the chin.

"What? What is it? " she asked

"I do know absolutely nothing about mechanical, but I can take you home," he said, approaching her

"Why will you do this? "She asked with suspicion

"Someone once said you that you have the greenest eyes of the earth" he said looking serious

"Ohh really? I know you reputation and I am not this kind of girl," she said, crossing her arms, she pulled out her phone to call a taxi even though she knows it will cost her dearly.

"Ok Ok it was just a compliment but I can take you home, I'll be good promised," he said with the same face of puppy what makes her laugh a moment.

"Promise?"

"Scout's honor," he smiled, he leads her to his black Camaro and opened the door.

"Umm gentleman, I shall be ever doubted me," she said, entering to the car.

"Ouch my heart bleeds," he added, putting his hand on his breast, she gave him her address and remained silent for a moment.

"Mr. Salvatore? "

"Damon"

"Damon can I ask you a question? "

"Yass I was born like that what else? "He said smiling, she literally rolled her eyes.

"Did like you my drawing? "

"I even framed and put it in my living room if you want to know," he said, still looking at the road, she remained pensive for a moment.

"Thank you, Damon," she said looking at the road.

"Why? "He said, looking furtively

"I spent several upkeep and ... I felt like ... in their eyes ... he did not take me because ..." she stopped.

"What? "

"Because of my skin color"

"I see, I am not like that," he said with a serious look

"Because you have already sleep with a blackgirl"

"No purpose if this is a proposal, I am in"

"Arghh Damon" she said, crossing her arms and smiled, they arrived in front of her apartment and he opened the door of car for her. He escorted her to her door, claiming he did not want a monster attack her. They were now in front of her door, she came back and turned around to say goodbye.

"Thank you Damon ..."

"You're welcome and I'll call a garage for your car, you will have it maybe at the end of the week I think"

"Ohh ... I it falls a bit wrong ... but I'll talk about with Kai" she said a little disappointed, she had no budget for the taxi and public transport is like hell for her .

"Kai? " Damon asked

"Someone is calling me? "Kai went out of the room topless with a pajama trouser, he approaches Bonnie and puts a protective hand on her lower back and she smiled a little embarrassed. Damon sees the action of Kai and frowns.

"Bon bon you hide things from me"

" Bon Bon ? "Kai and Bonnie asked simultaneously.

"Yes Bon Bon ... I just will come tomorrow in the morning good night," Damon said with a smile and left without waiting for a word from Bonnie. She remained shocked for a minute and turned to Kai who looked angry. She did not want to treat it this night, she left the front door and entered in her room. Kai was more than angry, he did not understand why she has not called him and why she looked so at ease with him.

"Bonnie Bennett" he closed the door slamming and entered her room

"What Malachai Parker? "She said removing her shoes.

"Who is he? "He said and she got up.

"What ... It Does not concern you Kai, let me alone now I am tired"

"It does not concern me! WHAT? "He said, almost shocked, she did not understand why he was angry, his feelings overwhelmed him. "I told you I love you a few weeks ago and you did not tell me anything Bonnie ... I know that-"

"STOP KAI I do not want to talk about it ... Please do not"

"No Bonnie I want more, more of you, more of us ... Bonnie we are already living as a couple and I love you," he said, taking her face in his hands, she slowly removed his hands from her face.

"I do not love you Kai" she said, weeping.

"I know you love me Bonnie Bennett, you say that because of what I have done and I am so sorry Bonnie" he said, taking a new time her face in his hands. "I love you" and gave him a chaste kiss on her lips, "I love you," he kept saying, kissing harder, his kisses were urgent, he wanted to show her that he loves her he was so desperate.

"I ... I ..." she tried to say between kisses but he would not let her speak, they continued to kiss each other and Bonnie became more and more excited, her body warming and it became wet between her legs. Her legs wobbled and Kai raised to put her on the bed

He removed her shirt pecking her lips, Bonnie was soft with her touch but a little hesitant. He removed her leggings and pants, he placed her on the center of the bed gently. He started kissing her, stroking her breasts, she spread her legs and he placed on her, she felt his erection on her thigh and she was very wet. He unhooked her bra and sucked nipples with the tip of his tongue. Her groans reassured him, he did not force her, he wanted to make love to her. Bonnie hardened nipples and he loved it. But what Kai loved most were the Bonnie's butt, roundish and soft, he will never tired touching it.

"Allow me Bonnie" he said looking at her he was breathing hard and he was dying to be buried in it.

"I allow you Kai" she said, smiling awkwardly, he smiled. He moved down further leaving wet kisses on the way, he passed his tongue over her navel and she groaned. He let his hands slip on the edges of her panties and removed it, he straightened up and took off his own underwear. Kai is positioned on Bonnie and they kissed passionately, they were naked and no barrier between them. He put his hand on her pussy and she was already wet.

"I love you" he said

"I know ... kai" she replied with eyes closed "I want to you to make love to me"

"I love you" he took his dick and put it on her pussy, he entered inside her slowly and she gasped, she felt him in her, she felt how he was big. He looked at her in eyes to see if she wanted him to move and she nodded. She put her arms around her neck and began to make coming and going, they groaned both, their pleasure was so strong that Bonnie cum a few minutes after he entered inside her. he continued to pound on it without stopping, he sat up and folded Bonnie's legs and penetrated her stronger. The depth of the position did make cum Bonnie again.

"I want to cum ... cum inside you ... allow me ..." he said, lying down again on her and kissing her.

"Ahhh do not stop ... please do not stop"

"Allow me," his comings and goings were becoming faster, rising

pleasure he knew he could not stop at this level, he was on the edge and he jumped. He cum inside her, uttering a long groan and he lay down nearby to her.

"Bonnie did you-"

"It's was great Kai ... really ..."

They remained lying on the bed for a few minutes, naked and looking into their eyes. Bonnie felt the liquid flowing between her legs and she got up to go clean herself. She went into the bathroom, she saw herself on mirror, wondering if it was right to sleep with kai, she cleaned herself and put a shorts staying with support. Coming out of the shower, she had a sudden urge to vomit, she rushed to the bathroom to vomit. Meanwhile, Kai had dressed and gone to fill a cup of mango ice cream he had tried to do earlier.

He wanted to do everything to put them at ease and make her forget this Damon, after filling the cup, he could not resist putting a finger in the ice to taste his work and licking humming a tune of Star wars. He walked to Bonnie's room hoping she would allow him to spend the night with her in the same bed and if she asked him 'No' he would do everything to make her so much fun for be too tired to tell him to leave. He smiled, thinking of what she could love when he entered to the room, he put the cup on the bedside table and suddenly he heard vomiting noise.

"Yoda? "He asked a somewhat worried. He knocked on the door of the bathroom and the noise has stopped, he heard the sound of flowing water. He stayed at the door debating with himself whether he should go in or wait on the bed He decided to wait on the bed, he did not want to waste his chance to sleep with her in her. The door opened and Bonnie saw Kai sitting on the bed with a worried face.

"Hey," she said, smiling a little, "I had maybe eat something that was not fresh," these days often Bonnie vomited at the sight of certain things or odors but she put it on the spot stress at home and at work.

"Are you sure? "He said, approaching her and putting a hand on her cheek.

"Yes ... do not worry ..."

"Okay," he said, without any warning he raised her in a bride style which caused fun laugh of Bonnie and he slowly laid her on the bed She turned into duvet snuggling like a cat.

"Do you want your ice? "

"What ice? "

"Tadamm ! "He said, pointing to the cup of ice on the table, Bonnie's eyes were swollen and she immediately jumped up on the bed to reach it but Kai quickly took the cup and started to suck ice with a finger. "Ummmh Mango and vanilla, you want some? "

"Argh Kai you know I love your ice please I want some," she said with a pity head, she picked up on her knees always being on the bed to take the cup in his hands . Kai smiled at her attempt, he pushed the

cup a little further with an almost perverse eyes, he put his finger in the cup and took some ice on his finger and he brought his finger to Bonnie's lips, she opened her mouth and sucked Kai's finger with a groan. See her kneeling in front of him with his finger in her mouth was terribly exciting. Kai's lips parted slightly when he saw the scene, she turned her tongue around his finger a few seconds before letting his finger out of her mouth. He swallowed hard.

"Uh ... hh ... I ..."

"Ice? "

"Yes ... you deserve it Bennett" he said, holding out his cup and smiled. The rest of the evening, Kai was attentive to Bonnie, she no longer felt alone, she was tired when she finished eating and she just wanted to sleep, but she did not want Kai to sleep with her. She had a sudden fatigue that she did not see coming and she fell asleep in the arms of Kai. He smiled like a kid at Christmas, his plan had worked, she had fallen asleep in his arms, small loops protruding from her braid tickled, she had put her thigh on his stomach and her right hand was on his chest. He felt complete, this position made him happy and sad at the same time because he knew that one day she will learn what he did and maybe she will reject him. He thought about Damon, he frowned and preferred to see Bonnie sleep.

I will not let anyone take you away from me Bonnie ... Not even this Damon ... I will let my sociopathic side go out if necessary ... I do not want to lose you ...

4. Chapter 4

Bonnie woke up with a strange sensation between her legs, when Kai woke up he wanted to please Bonnie, he felt too full of love for her, he wants to give her everything, he wants make her happy, he wants to have once a person who will loves him with all his defaults. He knows that Bonnie does not know all his past but he wants her to fall in love then bad news going better, it is his plan. He woke up in the arms of the one he loves, he smiled and licked his lips, he went down to get between her legs and lick her. The taste of Bonnie in his mouth was a sweet savory taste like some dishes he was trying to learn to cook in his class, he licked all her juice by turning his tongue on her clit . Her groan became louder as he continued to do it.

"Kai ... oooh Kai" she groaned, her hands found the head of Kai and she grabbed his hair, her legs warmed, she felt coming, a wave of pleasure crossed her slowly as she groaned louder and Kai kept his work. "Kai ... wait ... wait ... I will cum Kai ! "She groaned and she cum, Kai drank her juice groaning too and leaving a trail of wet kisses across her body.

"Good morning Master Yoda," he said, smiling, Bonnie's face was a lovely shade of red, "Did my work Satisfy You padawan? "

"ARGHHH KAI ! "She said, putting her pillow over her face. She was more than satisfied but she was mostly embarrassed Jeremy've never done that to her, he thought it was disgusting so she never asked,

Kai do it so easily and so early in the morning so she was embarrassed.

"What Bon? "

"Why ... do you really like to do this or ..." she said hiding her face with the pillow, Kai try to take off the pillow but she resisted, "Nooo answer me first" she grabbed the pillow on her face rolling on the bed

"Give me this damn pillow Yoda"

"Stop calling me Yoda damn"

"Give me the pillow arghh Bonnie" he said, trying to take the pillow from her face but she was struggling, "Ok ok why do you think That I did not like it han? "He said and sat on the bed and leans on the wall. She dropped the pillow to see what he was doing when she saw the amused face of Kai, she also sat sighing and she put the pillow on her thighs.

"My ex thought that it was disgusting," she said, turning a thread sticking out of the pillow. Kai frowned, he licked his lips with anger he took a breath before speaking.

"Your ex is a jerk, cum is ok and your cum in my mouth is ok too look it is like ... like ... it is like sugary and salty euhhm euhh do you like spring rolls? "

"OH MY GOD if you said that I have a taste of spring rolls I will kill you and I will give the rest to sharks! "

"No no not spring rolls but you see the Super hot sauce in which they were soaked, yeah you have the same taste of this sauce like sugary and salty and I never be tired to lick you because you're delicious really delicious really," he said with a sheepishly, give compliments early morning is not really easy.

"You are really crazy," Bonnie said with a smile, even if Kai was a weird way to say it she loved him to do it, she was happy that he was not as Jeremy.

"It's my first name Did you know? "He said, pecking Bonnie's lips, he put His Head in her neck, she put her arms around him and they were fine until the alarm sounded. She got up to go take a shower and Kai followed her into the shower.

"Kai ! No sex I will be late "

"Ok Ok I promise" he said, smiling mischievously, the minutes that followed, Bonnie cum 2 times in the shower and Kai was happy as if he had reached the summit of Everest. They quickly dressed themselves and they took a quick lunch to go to work. Before leaving, Kai passionately kissed her saying he loves her, Bonnie had not told him she loved him but yet in her heart she already loved him. A week has passed and nothing has really changed except that now Kai Bonnie was sleeping in the same room and they made love every night. She vomited occasionally but she said ithat it was stress or so maybe her heart disease, she had too much to think and would not go to a doctor because of it. Damon became a friend as well, he made her laugh

during breaks in his way and somewhere it has never stop to woo her, he wanted Bonnie as a hunter wants to catch a rare prey. Damon did not really feeling for Bonnie, maybe respect and a lot of attraction, hell she was sexy and the fact that she did not put it in evidence was even more sexy. Bonnie had talent and he admired her for hers concentration at work, she looked like a shining star, everyone wants her to have in order to reach heaven. For a week, he took her to work and home without anything happening. He knew that if he wanted to have a chance with Bonnie, he had to remove Kai of the table.

Friday after have laugh in the car, they were finally arrived home.

"Thank you ... to escort me Again" Bonnie said, opening the door of her home, the lights were out, Kai was not at home.

"You are welcome and if I can add, you can pay me back in nature," he said seductively, she gasped when she heard that "No NO do not worry just a kiss maybe a little kiss"

"You suggest to kiss my boss Damon?" She said, squinting

"Euhm yeah" he said a bit hesitant

Fuck fuck fuck she will refuse I wasted my chance

"Ok just oneÂ» she did not really think she just wanted to give it back and to go eat the wonderful Kai's dishes. Damon wore his usual dark suit and his eyes looked bluer than usual, she was wearing a white short dress and Ballerin shoes, she began to tiptoe, gripping the edges his suit, he closed his eyes and she smiled before placing a chaste kiss on His lips, the kiss was almost innocent for Bonnie but Damon felt more than that, it was beauty in its purest forms, he could almost paint the beauty of this kiss in different colors and he thought he would paint a drawing for Bonnie. They opened their eyes and they looked in their eyes and the next minute she did not understand what happened afterwards.

Damon was violently pushed out of Bonnie and fell down, Kai began to punch Damon and Bonnie ran towards them shouting to stop.

"Please stop Kai PLEASE STOP now" Bonnie cried but Kai did not stop, Damon took the break of Kai for punch him in the stomach and Kai fell growling. Damon quickly got up and placed him a kicked in his stomach while Kai was on the ground moaning in pain. Bonnie took Damon's arm with all the strength she had to remove him from Kai.

"Do not come closer to Bonnie ever !" Kai said geting up

"It's not you who decide little shit," Damon said, spitting blood on the ground and wiping his mouth with the back of his hand.

"Are you Ok? I am really sorry," she asked Damon

"WHAT ! why you ask why you kissed him Bonnie "Kai shouted

"SHUT UP AND STOP NOW" Bonnie was really angry "RETURNS TO HOME I WILL COME" she pointed to the door "and I do not want hear you just go please ... my heart is beating fast please," she said softly. Kai looked at her and knew he had screwed up, he glared at Damon before

returning and slammed the door. Bonnie tried to catch her breath and calm down, she had her hand on her chest and she was breathing hard.

"Ehhh ehheh Calm down it's me who is hurt here," he said, laughing but Bonnie looked ill, she calmed down, seeing the worry in Damon's eyes.

"Yeah are you ok? I am so sorry, he's a little jealous sometimes please do not be mad, "Bonnie putting her hands on the face of Damon to find any trace of scratch, he thought her gesture was cute and he smiled.

"I like the green of your eyes," he said and she smiled

"I am really sorry Damon"

"No it's not you ... I am Damon Salvatore I've had worse but promise me to be careful with him and if you need anything call me," he said, worried, she acquiesced and he left. She stood in front of the door hesitant to enter after taking her courage she went into the house. She went straight to her room and found Kai sat on the bed, he stood up when he saw Bonnie.

"Listen I saw you kiss him and I do not know please do not be mad I am sorry I did not mean to stress you"

"Stressing me ? you struck a man Kai how you could do that? you know that my ex hit me and ... "

"I never hurt you Bonnie you know that" he said hurt

"You raped me Kai you hurt me already"

"Purpose you said that you forgive me," he said, almost whispering

"Kai ... I hate violent persons"

"And I am not violent Bonnie forgive me I Was angry and tired and I see a kiss and-"

"I know about the kiss but It was innocent Kai" she said softly, approaching him

"Innocent? Ok ... Yoda just forgive me babe, "he said and he hugged her, he placed a kiss on top of her head.

"Forgive me too but do not be violent anymore"

"Ok Yoda" he said, he wanted to kiss her but she made a gesture of her hand and she ran to the bathroom to vomit. He followed running he thought it was his fault because he stressed. He knelt beside her and grabbed her hair.

"Bonnie you need to see a doctor," he said worried, she continued to vomit after vomit her lunch she cleaned herself with the help of Kai, they took a shower together and they went to bed, he took care of her during the night because she had a fever. He even woke up in the middle of night to make her a porridge, a weird feel as it was 4am

but he didn't have a choice.

ARRGH BONSTER

Bonnie wanted to talk but he begged her to let him sleep a bit because he will have a meeting with Alaric, she finally agreed after he promised to make her pancakes with strawberries. When he wakes up. Kai woke with a sharp pain in his ribs and stomach when he went to the bathroom after shower he saw that he was bruised on his chest.

"Damon ..." he growled, he dressed and when he got out of the shower, he found Bonnie still asleep, he almost heard her purr under the sheets, he smiled to himself and gave her a quick kiss on her forehead before going to make pancakes. It was late when he was able to finish everything and go to therapy.

He spent two hours talking about Bonnie and how his past haunted him every day, Alaric had his own firm so he spoke in his office, he helped him a lot and he was always been there during his psychotic episodes. Alaric was the psychologist assigned by the court to Kai, when he read the murders file of Kai he was initially disgusted by the blood all over the walls and above the age of victims, he would not take the case but as he wanted to advertise his office he finally agreed. Kai was confused and did not know what had happened but he had memories of a nightmare.

****Flashback****

"Mr. Parker calm down ! take deep breaths, exhale... and... breathe" Alaric said, mimicking breathing movements and Kai repeated his movements.

"I ... I ... I ... I ..." Kai repeated rubbing his thumb against his arm without stopping, "I did not kill 'em Mr. Saltzman I didn't want to kill 'em I did not you must believe me please you must"

"Ok Kai, tell me about this strange dream" Alaric said, pressing the voice recorder on the table and then he took a notebook and pen to record his statement.

"I do not know... nobody believed me until now," Kai said looking away, he was 16 and when he woke up he saw the dead bodies of his father and his siblings in a pool of blood, he was traumatized and felt alone.

"You can talk to me, I am your psychiatrist and I will value your statement"

"You will value if I am insane," Kai said, looking into Alaric's eyes.

"Exactly Mr. Parker purpose you must talk to me Otherwise you will go to jail for the rest of your life," said Alaric always serious and Kai's eyes widened.

"Ok ... my father was hitting and I had a headache and I went to bed," he sighs, "I had so much pain and I was so tired"

"Your father hit you? "

"All the time with no reason ... maybe ... My mother Told me about something"

"What thing? "

"She Told me That I killed my sibling in her belly, she told me that I had a sister but she died in her belly while I was healthy, It was a girl ... maybe it is the reason. "Kai said, and tears ran down his cheeks.

"I see ... back to this dream what happening in your dream?"

"Nightmare ... It was a nightmare"

"What happening in your nightmare? "

"I Was in my room and I had an urge to kill ... I wanted to kill them all, they made me so badly that I just wanted to kill them all. I got up and I ... I went into the kitchen, I took a knife, and I went into the cupboard to take a hammer. I had one wish it was hurt them all. I remembered that my father kept a gun under his bed so I went to take it too, when I went into the room of my parents, they were sleeping, I have watched them sleep for a few minutes, smiling, "Kai put his hands over his face to wipe away tears trembling. "I Took the gun and I put it down on the carpet, I wanted to kill my siblings first. I wanted to kill them in their sleep, being able to do what I want in sleep of someone and watching them sleep excited me ... it excited me in a sexual way "Kai blew while he was talking and Alaric had goosebumps.

"I went into the room of Luke and Olivia ... I ... I ... I've stabbed her in the heart groaning, I did not want her to make noise, I... I kissed the dead bodie of my sister...I wanted more but I wanted to kill'em all... I stabbed luc too and blood and ... I can not ... I can not I want a break please "Kai said crying

"Mr. Parker ..."

"I HAVE STABBED THEM!" he shouted, his eyes were red and he was trembling.

"Breathe well and keep telling your nightmare, I do not judge you, I'm here to listen," Alaric said, mimicking breathing gesture.

"I was euphoric, I felt, I felt satisfaction to see them swim in their own blood and I killed joey and leah giving them hammer blows to the head, I was ... I was dirty with their blood and pieces of brain. "Kai paused to drink some water, his hand trembled and water has spilled on him. "I walked into the room of my parents and I woke up my father to look him in the eyes before killing him when he woke up I shot between his eyes ... I left to go to sleep, I heard the crying of my mother but I was so in peace and I fell asleep in my nightmare. As soon as I fell asleep I woke up ... and I saw the police officers and now I am here "

Silence

"Do you feel an empathy or remorse or love? "

"Mr. Saltzman ... it's was my family of course I regret you need to believe me"

"And in your nightmare? "

"Ehm euh No... I do not know ... No. I just felt satisfaction"

Alaric studied Kai, he reflected on his statement and he understood that Kai has a dividing in two personality, he need more session but in fact it was not the fault of Kai.

"You have a dark side Mr. Parker, a sociopath side but we can fix it"

"Will I go to jail ? "

"Yes but not for a long time and I will be there do not worry," Alaric smiled as Kai wiped his eyes.

****End of flashback****

He ended the meeting today by the recommendations of Alaric, Kai wanted to have a stable relationship with Bonnie before completely talk about his past and Alaric did not understand. Kai did not consider that Alaric thought for once, he wanted to make his own choice without his psychologist behind him; He didn't talk about Damon and what had happened yesterday. Kai received a message of Bonnie when he was into his car " ****Baby, I want to eat mangoes :(**_ "_**, Kai smiled and replied **"_Bonnie you could become a cause of the disappearance of mangoes in the whole world_"_**. **_She replied_ "******maybe but do you know what? I don't care and I am angry! just do it keke see ya babe****

Alaric was in his office to arrange his stuff when he received a call from one of his friends.

"Hey what's up bro? "

"Hey I'm in a bad shape and all because of a woman"

"With you it's always because of a woman" Alaric laughed, taking her bag

"I parked in the parking of your office we can have a drink and talk about the good old days if you want"

"Yeah sure just a minute I am coming Damon"

Damon hung up the phone, he was in his Camaro watching Kai back into his car.

"_Well well Why Did Kai go to consult a psychiatrist specializing in the murders case? interesting _"Damon said to himself, smiling.
